GENERAL INFORMATION ABOUT ANEC

What is ANEC?

Association Nationale **Etudes et Chantiers** (National Association Etudes et Chantiers)

Etudes et Chantiers was created in 1962 by several Youth movements following the idea of non-violence and humanism as well as international co-operation and exchanges in the “Education Populaire” movement – a French concept meaning non formal education. We are engaged in the world-wide movement of international voluntary services (short term and long term) through partnerships with around 125 organisations in more than 70 countries.

Our National Association is composed by 5 regional associations, with an international placement office in Clermont-Ferrand:

- **ECC** : Etudes et Chantiers Corsica
- **ECEnCi** : Etudes et Chantiers Engagement Civique – East part of France
- **ECIDF** : Etudes et Chantiers Ile de France – Paris area and North of France
- **ECMP** : Etudes et Chantiers Midi-Pyrénées – South West part of France
- **CACIAURA** : CHANTIERS ACTIONS CITOYENNETE et INCLUSION AURA, projet Etudes et Chantiers – Centre and South-East of France and the International Delegation.

Each regional organisation runs permanent projects independently from each other, but they work together on the workcamp programme which is co-ordinated at the National and International level by the International Delegation in Clermont-Ferrand.

We organise around 25 international camps every year:

- Camps for minors between 14-17 years old,
- Camps for +18 years old, most of them with no upper age limit.

Another large part of our activities is to develop activities with people facing social or economical difficulties. Our regional organisations manage several local inclusion work projects with young or adults facing exclusion. This is the larger part of our action that involves us in the employment or social public schemes and in European programmes.

TEENAGE WORKCAMPS 2018

Since 1962, Etudes et Chantiers - ANEC has been organising workcamps for minors between 14-17 years olds and sometimes between 11-13 years old. They are organised following the “Minor’s Protection Act” under the control of Youth and Sports Ministry. These rules facilitate the organisation of workcamps and the security of the volunteers.

Volunteers achieve a concrete project; they work about **25 hours** per week.

The leader team is composed, according to the French law, of 3, 4 people (for workcamps of 20 teenagers) who are qualified in leading; they are paid staff and they are responsible for the volunteers. Teenagers are taken in charge on their arrival at the train station; they cannot leave the camp without an authorisation signed by the parents and sent to our organisation.

Each volunteer must send a “**health form**” with the **confirmation** of arrival **at least 15 days before the camp starts**.

Camp languages are English and French in every project.

On each camp for minors, we open between 1 and 4 places for **youth facing social difficulties** (like living in orphanages). Be aware that these volunteers expect a lot from a workcamp experience; good contact with International volunteers is really important for them.

Insurance: our organisation covers the volunteers from the first to the last day of the project **for third risk, individual accident, repatriation. Our insurance does not cover lost or stolen objects, nor illness** (except those due to accidents, during the workcamp).

Volunteers from the E.U. countries MUST bring a European Health card to cover their cost (medical, pharmaceutical and hospitalisation cover).

For all our teenage workcamps international volunteers must pay **extra-fees (250 €) before going to the project by bank transfer or by cash at the arrival to the leader**. The extra fees cover a part of the camp leaders’ salaries and costs.

- If an international volunteer withdraws from a project less than 30 days before its start, the participation fee (250 €) is not refunded.
- If an international volunteer withdraws from a project less than 30 days before it starts and the volunteer has not paid their participation fee, they will be asked to do so.
- If an international volunteer withdraws from a project less than 30 days before its start and the volunteer has not paid its participation fee, Etudes et Chantiers International (ANEC) can ask the sending partner for payment of this sum (250 €).

25/06/2019 - 11/07/2019		
Description of the partner organizing/hosting the project :	Inside a lovely little French village, the castle of Montaigu le Blin is an impressive medieval fortress, classified as Historical Monument. It is located on the top of a hill, overlooking the countryside. Since 2002, volunteers have been participating, every summer, to the restoration and touristic life of the castle.	
Description of work :	Participate to the protection and enhancement of this breathtaking heritage! Within the castle, you will realize various works of restoration of walls (ramparts, towers) using traditional techniques, of maintaining the vegetation (clearing bushes, etc.) and many varied tasks. You will also participate to the touristic life of the site, helping the guided visits and organising activities and events!	
Description of accomodation and food :	Accommodation is under tents (2 people per tent) at the town stadium. Volunteers will manage the tasks of daily life in teams (shopping, cooking, and cleaning). Kitchen, toilets and showers are in a recent building on the camping site.	
Description of location and leisure:	Montaigu le Blin is located in the Bourbonnais area, 30km North from Vichy and 90km North from Clermont-Ferrand, in Auvergne region. It is a countryside rich with historical heritage, which you will be able to discover by visiting a few of the numerous castles and medieval cities, or by hiking, or going by bike or canoe, according to what the leading team can propose you. Your camp leaders will prepare games and activities but you will be invited to propose and create your own activities. Be creative!	
Description of specific requirements :	Pay attention that there is no wifi access on the Workcamp site, the telephone network is also quite low. However, the volunteers will be able to find a public wifi in the village. Who needs an internet during a Workcamp anyway? The site is unfortunately not accessible to people in wheelchairs. ANEC ADULT WORKCAMPS

Usually we host 12 volunteers on each of our workcamps (9, 10 international volunteers + 2, 3 French participants) but some projects are open to 8, 10 or 15 volunteers.

On our adult projects you work about **30 hours per week**; most of the time you don't work on week-ends, but it might happen for different reasons.

In our workcamps, all activities are decided together with the volunteers and the camp leaders. You will live a group experience.

The languages spoken on our workcamps are English and French, except on specific international French speaking camps (indicated in the description).

Every day life: the group will organise teams so that everybody can participate in the cleaning, tidying up, and preparation of the meals... do not forget your recipes!

Activities: on your arrival, leaders will propose several activities; but your ideas are welcome and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, going to visit friends living nearby or going alone to watch a movie!

Leading team: camp leaders are not there to manage everything; they advise volunteers, suggest various activities; they are also a link between the different actors of the workcamp: the organising association, the project sponsor, the local population and the volunteers. Our camp leaders are usually paid, but we might also have volunteer leaders.

Age Limit: 18 years old minimum –no age limit.

Sometimes, we might accept 17 year old participants in some of our adult camps if they already have had a volunteer experience and if they are mature enough to join an adult project (a motivation letter is necessary for minor volunteers). Priority goes to French Access 4 All.

On each adult project we open at least 1 or 2 places for people facing social or psychological difficulties (like living in orphanages or in specialized institutions). Be aware that these volunteers expect a lot from a workcamp experience; it is a big adventure for them and good contacts with International volunteers are really important.

Insurance: our association covers the volunteers **from the first to the last day** of the project (**third risk, individual accident, repatriation**). **Our insurance does not cover lost or stolen objects, or illness** (except those due to accidents, during the workcamp).

Volunteers from E.U. countries MUST bring a European Health Card to cover their cost (replacing the E111 form) (medical, pharmaceutical and hospitalisation cover).

No advance of money will be given to them.

Our adult camps have no extra fees.

Code:	ANEC01 – Plein la Bobine Short Film Festival
Work type: FEST/ART	Number of total volunteers : 9
24/05/2019 – 10/06/2019	
Description of the partner organizing/hosting the project :	Plein la Bobine short film Festival is a cultural event dedicated to young audience. The 17th annual festival is going to be devoted to the theme “Boundaries in the cinema”. Do you feel like participating? Do you want to help a local association? Does the topic interest you? If you found yourself saying "YES" to most of these questions, it’s time to pack your bags! This yearly festival is organised by the association “Plein la Bobine”, an association dedicated to youngsters from 3 to 16 years old with a goal of developing image education. Do you want to contribute to something meaningful while working in a team of some thirty local and international volunteers? Are you passionate about cinema or movie production or you simply feel like discovering something new? Come and join us at Plein la Bobine Festival, discover the event and help us run it! Website : www.pleinlabobine.com Facebook : Festival Plein la Bobine
Description of work :	During your first week you will be busy organising the festival by creating and putting in place the decorations, setting up the scene. The second week will invite you to immerse in the life of the festival. With a group of local volunteers from the organising association and international volunteers, you will carry out diverse tasks that will help the festival to run smoothly: you will welcome and inform visitors, help them with the seating and logistical tasks, etc... Finally, you will help to disassemble the decorations and put them back to storage while enjoying your last moments in the company of your friend volunteers with whom you will have shared unforgettable and intense moments!
Description of accomodation and food :	Accommodation will be provided in a leisure center in the heart of the municipal park (10 minutes walk from the worksite). Mattresses are provided but it is essential to bring your sleeping bag with you! There is NO WIFI in the accomodation but you will be able to access the connection at the worksite. During the first week and the last days of the project you will cook together. During the festival, food will be provided and shared with all volunteers.
Description of location and leisure:	You will be accommodated in La Bourboule spa town (at an altitude of 852 metres), in the Sancy Massif, in the middle of the Natural Park of the Auvergne Volcanoes. La Bourboule is located nearby the banks of the Dordogne River crossed by a dozen of bridges and has a splendid wooden park. You will be accommodated close to hiking paths and you will enjoy the activities organized by the municipality for the spa users. You will also have access to the facilities of the town: shops, library, aquatic activities... Once there, the leaders will propose you several activities, especially the first week, the second is totally dedicated to the festival. But you can bring your own ideas, be imaginative! We expect you to participate in the group activities that are going to be chosen as a group. Have fun!
Short remarks for the project :	Attention! French/ English speaking camp , The life of the festival is often hectic and days can be long. This workcamp is different from the others! Working days can be long and the rhythm of work can be intense. The working hours are never the same; you must be flexible and be able to adapt in order to successfully execute the event! Ability to work with people and carry out team tasks is desired. French is appreciated because you will be in contact with French public. WIFI access at the worksite only.

Code:	ANEC02 - Solidarity Gardens	
Work type: ENVI/SOCI	Number of total volunteers : 12	
14/06/2019 – 28/06/2019		
Description of the partner organizing/hosting the project :	Solidarity Garden is an inclusion project for people who are facing several social difficulties. The workcamp will be an opportunity for you to work together and take part into this human adventure. Since 2001, our organisation welcomes volunteers and workers in various orchards, farm, beehives and organic vegetable gardens. Members of the organisation come each day in the solidarity garden to pick their vegetables on the advice of the volunteers and workers. We also lead actions for environmental educational projects towards youth.	
Description of work :	<p>During two weeks, you will take part in the farm's life and help the workers in their everyday tasks of organic farming and beekeeping. This year we have two projects :</p> <ul style="list-style-type: none"> - renovate and create beehives of many kinds, so that you can learn a lot about these amazing creatures and how to take care of them. In the end the beehives will be open to the public as a pedagogical tool. - create wooden constructions for the farm's vegetables. This technique is made to maintain levels of various vegetable "floors" and support the natural life of the soil. If you are interested in understanding the work of nature, that is definitely an experience for you. <p>We may do both projects but it is unsure at the moment.</p>	
Description of accomodation and food :	The volunteers will sleep in tents in the garden, just beside the House of Children and Nature. You will have access to a kitchen, to the bathrooms and a common room for indoor activities. Camp leaders and volunteers will pay attention to the food, provide local products and respect a balanced diet. Volunteers will cook in groups according to a planning that they will decide with the campleaders.	
Description of location and leisure:	Volunteers will decide their activities for afternoons and week-ends. Games will be organised by volunteers and campleaders. The solidarity garden is nestled into a verdant setting. Volunteers will decide of their activities for afternoons and weekends. Games will be organised to the initiative of volunteers and campleaders. Very close to the city, 45 min away from Paris, you will discover the capital of France. Near to the garden, you will be able to visit ecological farms and do nice cycling excursions. You will share time with workers and inhabitants of Grigny.	
Short remarks for the project :	WIFI is accessible at House of Children and Nature, where volunteers will be living. Unfortunately, the site is not accessible to wheelchairs. Places for 17 years old are limited (maximum 1).

24/06/2019 – 11/07/2019	
Description of the partner organizing/hosting the project :	The association "La Feina" aims to create a welcoming sustainable place for people facing social difficulties. It sets up educational tools (crafts, agriculture, environmental education, group workshops and events) in order to create positive local dynamics. The activities of the association are based in a rural area, surrounded by breathtaking mountains. The association emphasises the importance of connection between its activities and the local landscapes and resources. Spending time in La Feina means reconnecting with nature and others, taking a temporary break from every stressful aspect of the modern society.
Description of work :	The goal of this workcamp is to help the association "La Feina" to continue developing in agreement with the values of environmental protection. While in the workcamp, you will take a part in the construction of dry toilets, pick and cook eatable wild plants for collective meals, help maintaining the vegetable garden, install a system of water treatment. On the 6th and 7th of July, the association organises an inauguration weekend to which different associations and local elected members will be invited. During this weekend, workshops will be organised to raise participants' awareness on environmental issues. Concerts will be organised in the evening. You will help with welcoming the public, cooking, and setting up different workshops. Your work will be the basis of new habits of this oasis of calm!
Description of accomodation and food :	You will be accomodated in a wooden house, with mattresses, showers and dry toilets. Nature lovers can, however, bring their tents and sleep in the garden. The house has a separate kitchen but you will also be able to share meals in the cottage with local volunteers. Please note that the telephone network is low and that there is no wifi. You can bring a wifi hotspot if you want to. In case of emergency, there is an access to a computer in the office.
Description of location and leisure:	The association is located in a hamlet where some people (mostly hikers) spend their holidays. In the area, you will find a holiday cottage, huts, stone and wooden houses, a barn, a camping area, a vegetable garden... La Feina is located in the medieval municipality of Fontanges, full of historical heritage, close to the Cantal's mountains and the river Aspre. You will be able to hike and discover the surrounding villages, the fauna and flora, and taste local specialties of the village Salers!
Short remarks for the project :	Be aware that the workcamp takes place in a rural distant place, with no wifi connection.

05/07/2019 – 21/07/2019	
Description of the partner organizing/hosting the project :	The small town of Morainvilliers is crossed by the river La Bure and located at the gate of the regional forest Grands Bois (Big Wood Forest). It has been 12 years since the town organises biking and running trails/races (10, 21 and 35 km) : the "Old wash house trail". The trail crosses woods, historical sites, and ends up at the wash house of Morainvilliers. Over 700 visitors each year take up the challenge of the races or attempt to the Nordic hike. There is also an alternative trail for kids! By participating in the wash house renovation, you will add value to the local patrimony and the event itself. You will live, work and share everyday life activities with all volunteers. A technical and a camp leader will be there to lead you all along the workcamp.
Description of work :	This project is a long-term project which will probably be separated in 2 to 3 years depending on the capacities of the teams. A first part is to ensure the water is flowing nicely through the wash house. This means taking out branches, cleaning the stones of the pond and making the wash house waterproof. In fact, the water isn't running properly at the moment which makes the site difficult to access during rainy seasons. The first step is to ameliorate the flow directed to La Bure river. The second step will be to renovate the walls of the wash house : remove some stones, clean them, prepare a lime plaster and finally build up a "dry wall" (an ancient artisanal technique). You will be supervised by a technical leader to help you gain knowledge and feel at ease with patrimony renovation, and green waste management. We don't know yet which part of the work is going to be done this year, surprise!
Description of accomodation and food :	We are uncertain of the accomodation arrangements (hard wall or tents) at the moment but it is certain that the team will be living in the heart of Morainvillier town. Volunteers should bring mattresses with them.
Description of location and leisure:	The region of Yvelines, in which the project is located, is full of historical and beautiful sites to visit. Such as The Castle of Versailles, several pedagogical farms, the Seine river bank. You may be surprised to hear that, while close to the French capital, 50% of the land is used for agriculture and 30% are woods and forests. You will live in the heart of a small peaceful town! Along with volunteers and campleaders, you will decide on activities for the afternoons and the week-ends. We are looking forward to hearing your ideas! Games, lunches with local population, excursions and bike tours in the region can be organised. You will also have the possibility to visit Paris and be guided by Parisians themselves, what an original way to discover the city! Get ready to join an unforgettable experience, share, and learn during this workcamp!
Short remarks for the project :	There is no WIFI access on the workcamp site, but possibility to connect on some public networks. Places for 17 years old are limited (maximum 1). This place is reserved for a French Access 4 All volunteer

08/07/2019 - 29/07/2019		
Description of the partner organizing/hosting the project :	The colline de Sion - or colline de Sion-Vaudémont - is a hill located in the Saintois land in the south of the Meurthe-et-Moselle French department, in the Grand Est region. It is 540m high, making it the highest spot of the Moselle slopes! Thanks to its history, its pilgrims and its topography it is a major place of tourism in Meurthe-et-Moselle.	
Description of work :	Our construction plan is to restore an old wall walk around the ramparts of the Vaudémont village. This path is especially used by hikers and numerous tourists who visit this wonderful site.	
Description of accomodation and food :	In hard wall at the "Cité des Paysages" of the Colline de Sion.	
Description of location and leisure:	The colline de Sion-Vaudémont is one of the rare European sites that counts thousands of years of civilisations. Sion has been populated for at least 4 thousand years, which means way before the creation of the oldest cities of France! Sion is 25 minutes away from Nancy, the city of the Duc Stanislas and his mythical Place Stanislas, one of the 5 most beautiful squares of the world. It is also 2 hours away from Paris by high-speed train. During our free time, we will be able to discover some beautiful vineyards.

08/07/2019 – 22/07/2019		
Description of the partner organizing/hosting the project :	After a first successful project last year, the town of Joeuf will welcome for the second time an international workcamp to revive the surroundings of the river Orne! The goal of the townhall is to enhance the riverbanks of Orne and to create a nice meeting point for the territory's inhabitants. Moreover, these 2 weeks will be the occasion to create links with the inhabitants, especially the young ones, which will prepare your arrival to expand the intercultural exchanges.	
Description of work :	The woody valley of Orne hides nice walks near the water, which deserves to be enhanced: the work will consist in maintaining the banks (respect of biodiversity) and recycle outside furnitures (benches, tables...) to give a new use and to show the possibilities of recovery!	
Description of accomodation and food :	Accommodation will be in tents	
Description of location	Joeuf is 30 minutes away from Metz, known for its gothic cathedral, middle age	

and leisure:	district and a rich summer of cultural activities. It is 1h30 away from the capital, Paris, with high-speed train. Come and enjoy the contacts with the local organisations and people, very active in this project: they will make you discover a lot of possible leisure activities in the area!
Short remarks for the project :	7 young local volunteers will take part some time in the project. Unfortunately the site is not accessible for wheelchairs. Places for 17 years old are very limited (maximum 1).

Code:	ANEC10 - World Cultures' Festival TBC	
Work type: FEST/CULT	Number of total volunteers : 13	
13/07/2019 – 03/08/2019		
Description of the partner organizing/hosting the project :	Dive into world cultures! The festival Cultures du Monde is a unique place to meet more than 400 dancers and singers, and get involved in the organisation of a big festival in close cooperation with the local volunteers. We have been cooperating with the association organising the festival for several years and it is always a successful workcamp! The festival lasts 10 days. For more info: www.cultures-traditions.org	
Description of work :	You will be fully integrated in the team of local volunteers. Before the festival, you will participate to create the decorations and set up the place. During the festival, you will join the teams in charge of welcoming the public and hosting the artists, and in charge of catering and refreshment stalls. After the festival, you will help to pack up and clean the site. Important: during the festival, work is very intense, days are long and nights are short... but you will have a warm welcome, the atmosphere is very friendly.	
Description of accomodation and food :	Accommodation is under tents (2 people per tent) on the town's camping. Volunteers will manage the tasks of daily life in teams (shopping, cooking, cleaning). There is a bigger tent hosting the 'living room'. Showers and toilets are in a building just nearby the tents. During the festival, you will eat with the organisers.	
Description of location and leisure:	Gannat is a small town 45km North from Clermont-Ferrand. The region is rich with historical villages, and beautiful natural areas to visit! Your campladers will prepare games and activities but you will be invited to propose and create your own activities! Be creative! The heart of the project remains the organisation of the festival and a lot of activities will be linked to the meeting of local volunteers.	
Short remarks for the project :	French speaking camp! We need a motivation letter in French explaining why you are interested in this project specifically. Pay attention that you will use bikes for moving between the camping site and the place of the festival. During the 10 days of the festival, days will be long and tiring. Evenings can end quite late at night in company of the festival's artists and fellow volunteers ! You will need to be reactive and available to achieve your mission... always in a good mood! There is a wifi access at the entrance of the camping area. Please note that the telephone network is quite low.

Work type: RENO/MANU	Number of total volunteers : 8	
15/07/2019 – 29/07/2019		
Description of the partner organizing/hosting the project :	The Templar Commandery Association of Rugney (CTR) was founded in June 2018 under the auspices of Mémoires d'Orient (Memories of the East), a regional association aiming at valorising the tangible and intangible heritage of the Great East templars. The purpose of the Templar Commandery Association of Rugney is to valorise the templar chapel of Xugney, registered as a historical monument by restoring it and taking care of it. We think the templar site of Rugney was built around 1170 under the initiative of Count Hugues de Vaudémont following his return from the Holy Land.	
Description of work :	Work is still to be defined but will be at the templary chapel	
Description of accomodation and food :	Further information will be given later concerning the conditions of accommodation; it will be either in hard walls or in tents.	
Description of location and leisure:	Located between Epinal and Nancy, Rugney is about 30 minutes away from these two towns. Nancy is the city of the duke Stanislas. There, you may visit the legendary place named after him classified as one of the 5 most beautiful squares in the world! Epinal is famous for its beautiful images and is known as the capital of the French department of Vosges. From there, Paris is only 2 hours away by high-speed train.

Description of the partner organizing/hosting the project :	The Farm is an open urban infrastructure. The site combines new technologies and ancestral traditions. It is a place of exchanges where we cultivate fruits, vegetables and fish locally, all year long, in the city! It is a natural and relaxing place in which we feel welcomed and respected. It is a place for getting new ideas, learning and sharing.	
Description of work :	Volunteers will insulate the main building using an ecological approach: soil-lime-straw. Volunteers will also take part to the gardening activities.	
Description of accomodation and food :	Accommodation will be in the locker room of the football stadium, just near the farm.	
Description of location	The project is based on the ethical need to go back to nature and use ancestral	

and leisure:	<p>techniques that have proved to be useful and respect the Earth. It is worth knowing that sometimes, used methods can be questioned because they can not be applied according to the situation. We want to keep moving forward, constantly improve our methods and adapt. Our purpose is to create an evolutionary infrastructure.-The internal space will be dedicated to aquaponics and to its management.</p> <p>- The outside space will be used for the creation of permaculture gardens. In the site, you will find a natural vegetable orchard, as well as an insect hotel, hives and bees which favor the expansion of biodiversity. Description of the partner organizing/hosting the project :	The project you will take part in consists in maintaining the ancient fortress built in the XIth century and the ruins of the medieval castle, dating back to the XIVth century: previously recognised as the property of the bishops of Metz. The purpose is to valorise the castle vestiges and to revive the place for local gatherings and events. Since 1996, the "Patrimoine Lorrain en Seille" association	

	has been taking care of the old castle. Most of its members are retired and organise workcamps for volunteers to maintain the castle. Every year, the workcamps aim at guaranteeing the safety in the site, and open it to visitors eager to learn about the history of the castle. Information panels have been displayed in front of the curtain wall and the moats.
Description of work :	Your mission will be to maintain and restore the ruins of the castle of Nomeny, classified a historical monument!

Description of the partner organizing/hosting the project :	SOS Cheval is a non-profit association created by animal lovers nearly forty (40) years ago. Initially, it aimed at offering a shelter to sick or old horses for a quiet retirement. But quickly, it became an asylum for mistreated and abandoned horses. Everyday, a great deal of volunteers commit themselves in taking care of the horses, the pastureland, the refuge and sensitising the local population on the farewell of equine animals. This project was born to give them a helping hand. For further information, please check the association website: www.soscheval.fr	
Description of work :	The objective of this workcamp is to assist the volunteers of the association in doing the maintenance work and the organisation of the refuge: assist in setting up a tunnel in order to protect the troughes; help in strengthening the fences around the meadow; clear the place. Your group and your energy will considerably relieve them and encourage them to pursue their work. Local volunteers will be eager to share their passion for horses with you! You may also take part into the daily tasks of the refuge: feed and take care of the horses.	
Description of accomodation and food :	The townhall will provide accomodation for you: it will be either in hard wall or in tents	
Description of location and leisure:	La Roche Blanche is a municipality of three thousand five hundred (3500) inhabitants located in the south of Clermont-Ferrand in the department of Puy-de-Dôme. You will live beneath the volcanoes' chain of Puy (volcans de la Chaine des Puys) recognised as a UNESCO World heritage in 2018! The shelter is located around the plateau of Gergovie, a place that witnessed the historical battle between the Roman emperor Julius Cesar and the Gallic chief warrior Vercingetorix. You may also enjoy the landscape and the nature and embark on a voyage of history, french cuisine (welcome to Auvergne: the land of cheese!) and local heritage (archeological site, regional architecture.)

Description of the partner organizing/hosting the project :	A.D.A.D.A is the oldest national donkey defence and protection organisation in France, created in 1968. The original aim was to take care of donkeys in order to avoid their extinction. The organisation has been recognised as an organisation of public interest in 2008. Today, A.D.A.D.A intervenes on a national level and hosts donkeys in its rescue center, at Ambert, in the Auvergne-Rhône-Alpes region. 325 donkeys and mules of all ages can be nursed and rehabilitated. More than 70 hectares are made available so the donkeys can "blossom" in a pleasant environment. For further information, you can visit the organisation's website: www.assoadada.fr
Description of work :	This project's aims is to help the organisation for the donkey's protection tasks: enclose the meadow around Ambert (place stakes, wire-fences) and build winter stables (salvage wood pallet, build enclosures and fences). Added to all these manual works, you take part in the organisation's life and meet local volunteers!
Description of accomodation and food :	The accomodation will be in the charming organisation's wood and stone farm surrounded by Ambert's nature. The farm is located at 4km from the city center. The farm is not equipped with beds. We will provide floor mats; you can also bring inflatable mattress, Don't forget your sleeping bags! Two showers, restrooms and a kitchen are available on the spot. Daily life is managed by the volunteers (meal preparation, errand/shopping and cleaning).
Description of location and leisure:	Ambert is located in the Regional Natural park of Livradois-Forez in the area of Puy-de-Dôme Auvergne-Rhône-Alpes. City is known for its gastronomy and its cheese: la Fourme d'Ambert. It's an area of medium mountains, with a very extended fauna and flora, several waterways, a rich cultural heritage and craftspeople using the region's typical savoir-faire that you would discover while (beautifuls) rambling, walks, hustle and bustle/ activities and locals meetings.

Description of the partner organizing/hosting the project :	The Regional Nature Reserve of Lorraine is a classified territory thanks to the quality of its cultural and natural heritage. A joint management union's mission is to ensure the preservation of its biodiversity and its landscapes, while promoting sustainable local economic development. Among the projects that the Park Union is currently implementing is the preservation and enhancement of several works in dry stone, action that receives the support of the INTERREG IVA program Greater Region of the European Union.	
Description of work :	You will restore a small dry stone wall that supports an enchanting path. You will work side by side with other international volunteers and a specialized team leader who will accompany you through the art of dry stone!	
Description of accomodation and food :	You will be accomodated in the "Carrefour des Jeunes" ("Youth Crossroads") cottage, located in the village of Beaumont.	
Description of location and leisure:	The site is located in the heart of the verdant Rupt Valley (river) of Mad, a tributary of the Moselle which has carved the Lorraine limestone plateau. Lorraine is an ancient cultural region. Historically, the Lorraine was a frontier territory between the French and Germanic entities and consequently the theater of major military conflicts. Today, marks of this history that is still visible. The multimillennial city of Metz, with its vast and varied architectural heritage, is only a few kilometers from Rupt de Mad. Close to the accommodation you will find the Lake Madine, the largest lake in the region and important recreational area with, among others, two beaches for swimming.

Work type: RENO	Number of total volunteers : 12	
02/09/2019 – 16/09/2019		
Description of the partner organizing/hosting the project :	Inside a lovely little French village, the castle of Montaigu le Blin is an impressive medieval fortress, classified as Historical Monument. It is located on the top of a hill, overlooking the countryside. Since 2002, volunteers have been participating, every summer, to the restoration and touristic life of the castle.	
Description of work :	Participate to the protection and enhancement of this breathtaking heritage! Within the castle, you will realize various works of restoration of walls (ramparts, towers) using traditional techniques, of maintaining the vegetation (clearing bushes) and many varied tasks. You will also participate to the touristic life of the site, helping the guided visits and organising activities! A part of the first week will be dedicated to the organisation of the Open Workcamp Week end which will take place on the 7th and 8th of September. During these two days, the workcamp will be open to any visiter who wants to bring some help. With the help of the animation team, you will set events up to animate the week-end. During the workcamp, the restauration times will go along with games and activities, linked to the castle... Are you ready for a midnight visit of the fortress?	
Description of accomodation and food :	Accommodation is under tents (2 persons per tent) at the town stadium. Volunteers will manage the tasks of daily life in teams (shopping, cooking, and cleaning). Kitchen, toilets and showers are in a recent building on the camping site.	
Description of location and leisure:	Montaigu le Blin is located in the Bourbonnais area, 30km North from Vichy and 90km North from Clermont-Ferrand, in Auvergne region. It is a countryside rich with historical heritage, which you will be able to discover by visiting a few of the numerous castles and medieval cities, or by hiking, or going by bike or canoe, according to what the leading team can propose you. Your camp leaders will prepare games and activities but you will be invited to propose and create your own activities. Be creative!	
Short remarks for the project :	Places for 17 years old are limited (maximum 1). This place is reserved for a French Access 4 All volunteer. Be aware that there is no wifi access on the Workcamp site, the telephone network is also quite low. However, the volunteers will be able to find a public wifi in the village. Who needs an internet during a Workcamp anyway? The site is unfortunately not accessible in wheelchairs.

Code:	ANEC24 – Cultivate lands and friendship in Corsica island TBC	
Work type: ENVI/SOCI/RENO	Number of total volunteers : 15	
10/09/2019 - 28/09/2019		
Description of the partner organizing/hosting the project :	<p>Etudes et Chantiers Corsica is an association of non-formal education which activity covers the study and implementation of projects and activities related to the environment protection, management of natural areas and restoration of rural heritage (small buildings in dry stone).</p> <p>We wish to continue the work undertaken during the previous International Workcamps; Work: Maintenance of Community Gardens (Environment and Social), Activities: discovery of the region, Social inclusion : local and international youth</p>	
Description of work :	<p>In partnership with the municipality of Porto-Vecchio, the works to be carried out consist in the creation of community gardens: in a solidarity garden, we sow, we plant, we harvest, we grow our garden but we also cultivate friendships, share, solidarity between neighbors and inhabitants of the city or village. You will be in charge of diverse environmental tasks such as raking, weeding, building wooden planters, planting vegetables, etc.</p> <p>You will also participate in building dry stone walls. You will collect the stones, install foundations, learn traditional construction techniques, etc.</p>	
Description of accommodation and food :	<p>The accommodation takes place in a hard wall accommodation, next to the worksite (Campsite or Villa). 2 or 3 bungalows (depending on number of the local youth volunteers) will be made available during the workcamp. Every bungalow is composed of two bedrooms (a bedroom with a large bed and another bedroom with 2 small beds), toilet, a shower, and a small kitchen.</p> <p>It is likely that the place of accommodation will be changed (but, it remains in a hard wall accommodation) this is why we ask all participants to go exclusively to the fixed meeting points.</p> <p>Meals (breakfast, lunch and dinner) are taken together, a group will be formed to accompany the camp leader to purchase of food (shopping), other groups will be formed to prepare meals. The choice of meals to be prepared is done by the designated group, however, the group will consult with every other volunteer to take into account, for example, intolerance to certain products or ingredients.</p>	
Description of location and leisure:	<p>Porto-Vecchio is a seaside resort on the south-east coast of Corsica and it is the third most populated town on the island after Ajaccio and Bastia. The walls of a sixteenth century Genoese citadel serve as a backdrop to the old town and offer views of the marina and its yachts. Shops, bars and restaurants line the narrow streets of the city and the main square, the Republic Square. Among the famous beaches located not far, we can mention Palombaggia and its stretch of sand surrounded by pine trees, or Santa Giulia, whose waters are reminiscent of those of a lagoon. Other beautiful sites to visit : Palombaggia Beach, The Citadel, Santa Giulia Beach, Ospedale Forest, Pinarello Beach, Boat trip, The old Town, etc.</p>	
Short remarks for the project :	<p>Bring photos of your city (example: its history) to share with other volunteers!</p> <p>Places for 17 years old are very limited (maximum 1)</p>
