Center of Youth Voluntary Activities

Lithuania

The organization was established in 1988 as a union of several student clubs. Deineta is an independent non-political voluntary service organization. We organize international short term youth and teenager voluntary camps in Lithuania and also send volunteers abroad to our partners' international projects. In 1988 Deineta started a project "youth for nature protection" and organized 2 first voluntary work camps. Each year the quantity of our work camps varies, and now during the summer season we organize around 2-8 work

camps, we send up to 20 (depending on the year) volunteers abroad and can host about 20-30 international volunteers in Lithuania. The main activity of Deineta is coordination of long-term voluntary service projects under EU programmes

Aims

- to promote international co-operation and understanding among young people from different countries and different cultures;
- to help young people realize their voluntary ideas;
- to provide opportunities for young people without distinction to race, language, religion or social status, who wish to acquire cross cultural skills and gain international experience for their personal and professional development;

We support ideas of solidarity and humanity, and think that the international volunteering is the area where everybody is able to express themselves for the sake of peace.

Membership:

Alliance of European Voluntary Service Organizations - full member

Workcamps

Our work camps normally run from the end of May till the beginning of September and last for two weeks. There are usually 8-10 participants and 1-2 camp leaders in each project. We do not organize big camps in order to create warm and friendly atmosphere. The camp leader(s) takes an active part in the camp work just like any other volunteer. He/she is also the person who makes the life of the camp run smoothly: takes initiative in solving problems that may occur in organizing work, food preparation, leisure time etc.

The activities of our camps include organizing cleaning and preserving nature, working with local community.

Participants work for up to 6 hours per day, weekends are free. Most tasks on the camps can be completed without any substantial physical effort or any special skills.

Volunteers have 3 meals per day. We offer a chance to try Lithuanian national meals and we expect participants to propose their own national dishes.

Age limit

Adult camps: 18-30

Accommodation

Our volunteers can be accommodated in administrative buildings of regional and national parks or tents. Volunteers must bring their own sleeping bags. Other details usually follow in the info packs.

Extra participation fee:

As Deineta doesn't get any financial support from the state government, local municipalities or any other institution, we ask a registration fee of 45 Euros.

CYVA01	TYTUVENAI REGIONAL PARK	13/07-27/07	ENVI	VOL 8
--------	-------------------------	-------------	------	-------

PROJECT/WORK:

[Tytuvėnai Regional Park](#) was founded in 1992 in order to preserve the picturesque landscape of hills, marshes and lakes, the historical and urban monuments of Šiluva and Tytuvėnai, as well as the unique nature and cultural heritage. The territory of Regional Park is spread out at the intersection of Kelmė, Raseiniai and Radviliškis districts.

In year 2015 EVS volunteers of Regional Park organized a work camp, where 15 volunteers lived, worked and had some leisure time in

Tytuvėnai. Their main task was reed cutting. Reeds are a huge problem in our lakes, because their fast expansion is making lakes to grow older very fast. Separate international work camps were organized in year 2016 and 2017. Volunteers from various countries lived and worked in Šiluva and Tytuvėnai. They were building a little stone wall and fixing a wooden walking path near the lake, cutting reeds and fixing wooden infrastructure in Šiluva. But not only that – they had some nice excursions and tried out the Lithuanian sauna.

This year during the camp we'll have several tasks. volunteers will live in Tytuvėnai regional park visitor center and work in Tytuvėnai area. Their tasks may include:

- Cleaning of a territory near the lakes;
- Manage the forest near the visitor center;
- Works in rose garden;
- Works at the church and convent complex;
- Cutting reeds in Gilius lake;
- Fixing infrastructure Giliaus lake cognitive path;
- Other similar activities.

ACCOMMODATION/FOOD: Volunteers will live in Tytuvėnai regional park visitors' center, where they'll sleep on the floor, on mattresses. (During the camp cooking will be done by volunteers themselves, a kitchen with cooking facilities will be provided (stove, microwave and a refrigerator). Showers and hot water for bathing will also be available).

LEISURE TIME: The free time will be organized independently by the volunteers. Possible to visit famous pilgrim places in Šiluva, play volleyball or basketball, swim in lakes, visit forest museum, Bridvaisis mound, Tytuvėnai church and monastery, rent bicycles and take a tour on Tytuvėnai bicycle path (it goes around our both lakes), visit other places around and also have some nice evenings nearby bonfire in our yard.

LOCATION: Tytuvėnai is a small town with ~1700 inhabitants. In summer time there are more people, because many are coming to spend their summer vacation here. Municipality center – Kelme – is 18 km. away from Tytuvėnai, a famous pilgrim center Šiluva is only 8 km away, Šiaulai,

the 4th biggest city in Lithuania, is 40 km. away. Tytuvėnai has 2 lakes, open basketball and volleyball sites, bicycle/pedestrians sightseeing paths, Tytuvėnai pilgrim center and a forest museum.

TERMINAL: Kaunas (~120 km away) or Vilnius (~210 km away) airports, Raseiniai (~30 km. away) or Šiauliai (~40 km. away) bus stations. There is a small bus station in Tytuvėnai.

WHAT TO BRING: Sleeping bags, long-sleeved clothes; trousers (it would be good to check the weather forecast before going then you'll know what to expect); rain gear; hat, anti-mosquito cream; sunscreen, music instruments (optional); your favorite music; your national games and recipes; songs; dances; ideas how to spend leisure time; swimming things; waterproof shoes.

MEETING POINT: The meeting point is in Šiluva. More details and the address of the camp will be sent with the info sheet.

REGISTRATION FEE: As *DEINETA* doesn't get any financial support from the state government, local municipalities or any other institution, we charge a registration fee of 45 Euros. THANK YOU for your support!

CYVA02	INNOVATORS' VALLEY	27/07-09/08	ENVI	VOL 8
--------	--------------------	-------------	------	-------

PROJECT/WORK. Innovator's valley is restoring and developing a unique cultural monument – a monastery from the XVIIth century with its park (20 ha), and Kamariskes manor. Step by step we are developing these historical places as social innovation opportunities as well as an environmental and non-formal education centre (www.inovatoriuslenis.lt). We need practical and creative help from young people to develop these unique places as co-working and co-living hubs in the nature.

The project is expected to restore culture objects. The participants will help to renovate the historical cultural heritage site in Baroque Carmelite Monastery of Antalieptė, Kamariškės manor and their surroundings. Restoration of culture objects will include cutting by hand and removing grass and woody vegetation, cleaning areas from the wastes. During restoration in Kamariškės manor participants will stay in tents for few days and they will have to cook food on fire.

The project is expected to clean up the boating race in Šventoji River as well. Participants will travel with canoes/SUPboards down the Šventoji River. Cleaning will include cutting by hand natural obstacles in the river (such as log, dump), and collecting trashes from the water (such as plastic bottles, bags).

ACCOMMODATION/FOOD: Volunteers will live in the ancient monastery building. Volunteers will sleep in the rooms on the beds or mattresses, participants should bring sleeping bags. The volunteer will have to share the room with other participants up to 3 in one room. The volunteer will have to share the bathrooms as well as a fully equipped kitchen with other participants. In the living area participants will find WI-FI, washing machine, table games, bed sheets, towels and equipment for outdoor activities, all of it free of use. Cooking is done by volunteers themselves in organization full equipped kitchen.

LEISURE TIME: Free time can be organized independently by the volunteers because there are many opportunities for visiting interesting places. During the free time volunteers can use organization bikes, SUPboards, or canoes, and go for biking trip around Regional Park or canoe trip down Šventoji River, visit self-guided hiking trails. For relaxing a lake 1 km away is the best idea. There are many places for visiting in Zarasai district as well, such as Slyninka water mill, Monastery in Baltriškės, the oldest oak tree in east Europe (more than 1500 y.o.) and oldest Lithuania's wooden church in Stelmuze.

LOCATION: Antalieptė is a small village with 150 inhabitants in Zarasai municipality district. The village has a good public transportation connection with bigger city Utena and the capital city Vilnius. The village facilities understand first aid service, a library, a culture house, basketball and football playgrounds, two local museums, a small sport gym, a local grocery store and a youth centre. Antalieptė is located Gražutė regional park surrounded by pure nature.

TERMINAL: KAUNAS OR VILNIUS INTERNATIONAL AIRPORTS/BUS STATIONS, UTENA BUS STATION.

WHAT TO BRING: Sleeping bags, long-sleeved clothes; trousers; rain gear; anti mosquito cream; music instruments; your national games and recipes; songs; dances; ideas how to spend leisure time; swimming things; waterproofed shoes.

MEETING POINT: The meeting point is in Utena.

More details and the address of the camp will be sent with the info sheet.

REGISTRATION FEE: As *DEINETA* doesn't get any financial support from the state government, local municipalities or any other institution, we charge a registration fee of 45 Euros. THANK YOU for your support!

CYVA03	DZUKIJA NATIONAL PARK	07/09-18/09	ENVI	VOL 8
--------	-----------------------	-------------	------	-------

PROJECT/WORK:

[Dzūkija National Park](#) is the largest protected area in Lithuania. It is rich in rivers, rivulets and springs. At the same time it is one of the most forested protected areas in Lithuania. Most of its territory is covered by pinewoods connecting Lithuania, Poland and Belarus. The park encompasses a unique cultural landscape: a mosaic of natural and man-created forests, meadows and ancient villages with traditional wooden architecture.

Čepkeliai reserve is the largest swamp (5858 ha) not only in Lithuania but one of the largest

in Central and Western Europe too. Wolves and lynx, black grouse and capercaillie, Cypripedium and Eastern pasque-flower are only a small part of more than 4,000 species found in this region.

This project is designed to implement nature restoration activities in the territory of the park:

- Creating the grouse mating fields in heathlands near Musteika village;
- Maintenance of Skerdzimai meadow in Kapiniškiai Landscape Reserve;
- Creating suitable conditions for protected water birds species in two islands of Nemunas river nearby Merkinė;
- Clearing open sandy dunes in Čepkeliai Nature Reserve from sprouts;
- Maintenance of rare plant collection territory in Liškiava village;
- Renewing marking and infrastructure of touristic trails in National Park, especially trail of traditional beekeeping near Musteika village.;
- Cleaning of campsites, belonging to Dzūkija National Park from garbage;
- Maintenance of two cemeteries of the World War I soldiers' adjacent to Merkinė town;

Almost all nature restoration activities are related to keeping and maintaining open habitats of meadows and sands, mainly by cutting of sprouts or young trees and transporting them from habitats.

ACCOMMODATION/FOOD: Volunteers will live in a house belonging to the park's directorate in Darželiai village, 7 km from Marcinkonys village (the meeting point). Grūda River suitable for swimming flows nearby. Volunteers will sleep in a barn on double decker beds. Volunteers need to bring their own sleeping bags. There is a shower with hot water, washing basins, WC, food cooker and fridge. Volunteers will cook for themselves, products will be provided.

LEISURE TIME: During their free time volunteers will be able to travel to Musteika village, to visit the bee-keeping museum and the educational trail. Marcinkonys village offers the ethnographical exposition, the beautiful hiking path of Zackagiris. Near Darželiai there is the famous Margionys village with the origins of Skroblus creek. Volunteers will be able to rent bicycles and travel along marked bike trails or rent canoes to navigate Grūda or Ūla rivers.

LOCATION: Marcinkonys - the largest village in Lithuania by territory (143 ha) is 100 km away from the capital city Vilnius. Marcinkonys started as a forest scouts' camping place back in 1637. Around 650 people live here today. Marcinkonys hosts one of Dzūkija National Park's visitor centers. Darželiai village - there the volunteers will be accommodated, is 7 km away.

TERMINAL: VILNIUS INTERNATIONAL AIRPORTS/TRAIL/BUS STATIONS, MARCINKONYS TRAIN/BUS STATION.

WHAT TO BRING: Sleeping bags and mats, long-sleeved clothes; trousers; rain-wear; anti mosquito spray; your national games and recipes; songs; dances; other ideas how to spend leisure time; swimming things; waterproof shoes.

MEETING POINT: The meeting point is in Marcinkonys.

More details and the address of the camp will be sent with the info sheet.

REGISTRATION FEE: As *DEINETA* doesn't get any financial support from the state government, local municipalities or any other institution, we charge a registration fee of 45 Euros. THANK YOU for your support!

VOLUNTEERING AT LITHUANIAN LIBRARIES

This project is now fully funded as part of the European Solidarity Corps – the European Union initiative which creates opportunities for young people to volunteer or work in projects in their own country or abroad that benefit communities and people around Europe. The project is a continued cooperation with some of the best public libraries of Lithuania which started back in 2010.

RECEIVING ORGANIZATIONS

CYVA04	(LTV) Siauliai Library I	01/09/20-01/07/21	CULT	VOL 2
--------	--------------------------	-------------------	------	-------

SIAULIAI CITY MUNICIPALITY LIBRARY

Siauliai City Municipality Public library is a cultural, educational and informational institution available to every user. It organizes citizens' reading and information services. Library staff consists of 59 library workers, 44 of whom are professional librarians. The library serves 10928 readers. Anually over 196 524 users frequent the library. The stock of 214 528 items is at their service to fulfill information and cultural needs. The library is equipped with 117 computerized workstations.

SIAULIAI POVILAS VISINSKIS LIBRARY

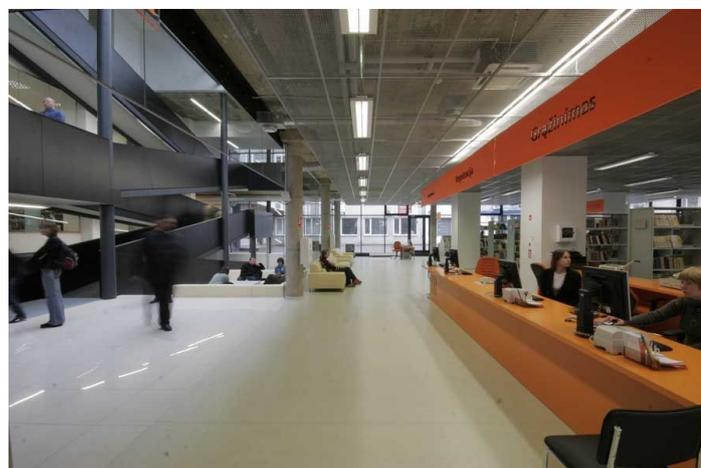

Siauliai County Povilas Visinskis Public Library, the largest public library in Northern Lithuania. The library's mission is to meet information and cultural needs of the population in the region, to promote the development of the society's knowledge by creating the environment for life-long learning and personal expression.

SCPL is a community center for culture and information, where community members can meet their cultural, social, educational and informational needs, socialize, and spend their free time. The library is actively involved in organizing various activities for cultural, social and digital exclusion reduction of the underprivileged region's population.

UTENA PUBLIC LIBRARY

Utena library fulfils cultural, information and educational functions. The library was one of the first libraries in Lithuania that introduced a centre of public internet access and started computer literacy courses for citizens. In the year 2002 library was acknowledged as a model library for Eastern and Middle Europe countries for it's active work in a purpose to become a modern society's information centre.

CYVA07	(LTV) Zarasai Library	01/09/20-01/07/21	CULT	VOL 2
--------	-----------------------	-------------------	------	-------

ZARASAI PUBLIC LIBRARY

Zarasai public library is a modern, safety, creative and harmonious environment place. The library gives every citizen an access to main cultural, educational and information services, meets the informational, cultural, recreational needs of readers. The library involves setting up a space in the public library on media technologies for realizing young people's and families creative ideas.

CYVA08	(LTV) Klaipeda Library	01/09/20-01/07/21	CULT	VOL 2
--------	------------------------	-------------------	------	-------

KLAIPEDA CITY LIBRARY

Klaipeda City Municipality Public library was founded in 1920. Library's mission is to create modern libraries close to all Klaipeda citizens and providing all kinds of users with equal opportunities to conveniently use all types of universal information resources for cultural, recreational, self-educational and lifelong learning needs. The library organizes various training activities, excursions in the library, volunteer activities, new books presentations, lectures, art exhibitions, cultural performances, after school programs, programs for reader development, etc.

CYVA09	(LTV) Plunge Library	01/09/20-01/07/21	CULT	VOL 2
--------	----------------------	-------------------	------	-------

PLUNGE PUBLIC LIBRARY

Plungė Municipal Clock Tower Library is the oldest surviving brick-build building in Plungė (completed in 1846). The library strongly believe, that it will be globally recognized as the library which has the unique scenic and historical aspects and country’s leading library as innovative, successful, environmentally sustainable and hospitable for guest.

CYVA10	(LTV) Ignalina Library	01/09/20-01/07/21	CULT	VOL 2
--------	------------------------	-------------------	------	-------

IGNALINA PUBLIC LIBRARY

Ignalina public library is a cultural organization. Its functions are information, cultural and education events, taking part at the lifelong learning. There are 2104 consumers at Ignalina public library. It takes 40 percent of all Ignalina town inhabitants. The first strategic direction is strengthening public cultural, information competence and literacy activities which encourages the creativity and motivation to take part at the lifelong process. During the year the library organized more than 150 events: seminars on local history, educations on literature, music, health and Nature themes.

OBJECTIVES OF THE PROJECT

- To provide volunteers with opportunities to acquire new or improve existing competences;
- Expand the opportunities for non-formal communication of libraries with visitors and the local community;
- Strengthen the interest of various social circles and visitors of all ages in library services.
- Promote solidarity between local and international youth
- To enhance the possibilities for intercultural cooperation, especially in the small towns of Lithuania;
- Foster the interest of local communities in volunteering and volunteer opportunities in other countries;
- Expand the understanding of the local community and especially the local youth about the possibilities of non-formal learning.

VOLUNTEER ACTIVITIES

During this project (8-10 months), young people will have the opportunity to express their solidarity by taking responsibility and committing themselves to positive changes in local communities.

Volunteers will work as assistants in the host organizations. Each host organization will assign volunteers tasks tailored to individual needs. In general, libraries offer a wide range of activities: participation in educational activities for groups of different age (comic book creation, 3D modeling and printing, virtual reality creation, LEGO robot design, programming, creation of augmented reality apps); support for children with developmental disorders or disabilities; filling and maintenance of the library's website; assistance in organizing events and exhibitions; assistance in organizing creative activities; assistance in the daily tasks of the library (consultation of the library's visitors, assistance in updating the books, archiving them), organization of camps for children; guided tours, co-operation and joint events with other local (educational) organizations.

ACCOMMODATION

Private rooms in rented flats together with other volunteers of the same programme. Services paid by the programme as well as local transportation and a monthly allowance of 210 EUR.

PARTICIPANTS' PROFILE (ESC PROGRAMME COUNTRIES ONLY)

The general background requirements for the participants: volunteers who would cherish and appreciate the opportunity given to them and regard it as a valuable experience to learn and improve themselves. The volunteers should be able to dedicate their time and effort to the receiving organizations and their communities. The receiving organizations hope that the future volunteers will be active, positive, communicative, ready to help and learn. During the candidate selection attention will be given to how interested future volunteers are in the popular applied IT tools.

HOW TO APPLY

If you haven't joined the European Solidarity Corps, you should do that first by following this link https://europa.eu/youth/solidarity_en and completing the registration process. Once done, please contact us by email info@deineta.it and we will guide you further.
